NEMI DAY CROSSING BORDERS

Crossing borders, the 2022 NEMI meeting was held March 22nd in Naturalis Leiden. An excellent scientific program, balanced between material sciences and life sciences, with both early career scientists as well as leaders in the field. Nice talks, discussions and a good life atmosphere: Not only the bees were buzzing during this early spring day, but microscopy love was in the air [\[impression\]](#).

2022/2023 INTERNATIONAL VIRTUAL PROGRAMS

The [RMS \(Imaging One World, Mon, 1300hrs\)](#) and [EU-BI \(Pubmeetings, Fri, 1300hrs\)](#) organize interactive seminar series focused on microscopy.
